# ALUMNI SPOTLIGHT

**Stella Finelli**

I attended Omni for eight years, from 2nd through 9th grade. I graduated from Omni Montessori School in 2019. My favorite thing about Omni was definitely the community and the people. I also loved the trips, especially the trip to Mexico in 9th grade. After Omni, I went to Ardrey Kell High School and graduated in 2022. Currently, I attend Fordham University at the Lincoln Center Campus. I am double majoring in Film and TV and Political Science.

My name is Ethan Mudd. I attended Omni for eleven years and graduated in 2022. Now, I am at Providence Day School.

Omni is and always will be a remarkably special place for me. I don't think I could ever forget all the memories I made, or the gifts I was given by Omni. Omni has a profound sense of community to it, which is a rather rare quality. Most people fall out of touch with their friends from middle or high school rather quickly, but I still keep in touch with all of my Omni friends today.

**Ethan Mudd**

Omni is so much more than a school— it truly is a family, more so than any place I've seen. That's not to say that I can't find friends outside Omni, infact, Omni has given me the skill set to make friends. I was able to connect with people quickly at my new school almost without having to make an effort, simply because Omni taught me how. I'm almost over-prepared for life in traditional school. Omni has given me all the tools I need to succeed and has shown me how to employ them, and I am so grateful.
